

Florida Gulf Coast University's Student Government Election was conducted March 22nd through the 24th, 2005 outside of the Eagle Café. Jeff Aaron was appointed "Acting Supervisor of Elections" by the Student Government. He did a wonderful job of organizing things and helped to pave the way for the Community Awareness Program Staff to conduct the election. Jeff managed to keep up with us, in spite of the very early hours the Election required him to keep.

Mike and Trish prepare for the student voters.

Cindy assists a voter on the iVotronic.

The election continued without a hitch even when “The Cold Front” moved in!

Neither rain, nor wind, nor lightning nor cold will stop Elections Officials!

Cindy, Vicki, Mike and Trish persevere through it all.

THE ELECTION WILL GO ON!

When the last of the 847 student voters cast the final ballot, the precinct closed. Still no time to rest! While Jeff, the “Acting Supervisor of Elections,” announced the victors, busy Community Awareness Program Staff dismantled the iVotronics and packed up all the equipment. It was a great experience. We look forward to working with Florida Gulf Coast University’s Student Government again next year!
