

We appreciate our partnership with these businesses that help the Lee County Elections Office Community Awareness Program promote voter awareness within our community.

During the “Register To Vote At Work” events, the Community Awareness Program registered 87 new voters, updated 75 voter’s information, gave 48 demonstrations of the iVotronic touchscreen voting machine and recruited 11 Poll Workers!

THANK YOU

to ALL the Lee County Businesses that helped make our
“REGISTER TO VOTE AT WORK” partnership a huge success!
